

11th NATIONAL MONITORING CONFERENCE

Working Together for Clean Water

March 25 - 29, 2019 Denver, Colorado

CALL FOR ABSTRACTS

Please join us on March 25-29, 2019 in Denver, Colorado for the **National Water Quality Monitoring Council's (NWQMC) 11th National Monitoring Conference**. This conference provides opportunities for water stakeholders – federal, state, tribal and local water professionals, non-profits, academia, and volunteer citizen scientists – to network, develop new skills and partnerships, and exchange information.

The NWQMC is requesting abstracts for oral presentations, posters, and extended sessions covering topics related to rivers and streams, lakes, wetlands, coastal waters and estuaries, groundwater, and drinking water. **Abstracts are due September 14, 2018.**

Both oral and poster abstracts are welcome on any of the following conference themes:

- Water Quality Prediction: State of the Art and Future Directions
- Emerging Risks in Water Quality
- Monitoring Water Across a Changing Hydrologic Cycle
- Tools to Mine, Share, and Visualize Water Quality Data
- Innovative Designs and Technology for Water Quality Monitoring and Assessment
- Holistic Water Quality Monitoring: Exploring Chemical, Physical and Biological Integrity
- Effective Monitoring Collaborations and Partnerships
- Measuring Effectiveness of Management Actions, Improvement, and Restoration Activities
- Monitoring and Assessment to Protect Human and Ecosystem Health

AWARDS!

The Council is accepting nominations for the 2019 Elizabeth J. Fellows, Barry A. Long, and Vision Awards.
